ZX-CT

Plastic Cable Ties 100PCS - White & Black

Plastic cable ties | **100PCS per bag** | **Available in white and black** | **Multiple size options available**

Product overview

The ZX-CT Series Plastic Cable Ties are durable and reliable cable management solutions designed for CCTV, networking, electrical, AV, access control, and general installation applications. Supplied in convenient 100PCS bags, these cable ties provide secure cable organisation and tidy installation management for residential, commercial, and industrial environments.

Available in multiple sizes and colours, the ZX-CT range is ideal for securing network cables, CCTV wiring, power cables, conduit, and installation accessories while helping create neat and professional system installations.

Manufactured from durable plastic material for dependable long-term performance, these cable ties are suitable for both indoor and outdoor cable management applications.
