PRODUCT SPECIFICATION

ZX-MAG-LOCK-60K

60kg Surface Mount Magnetic Lock

60kg (120lbs)	12V DC	400mA	80 x 38 x 25mm
Holding Force	Voltage	Current Draw	Lock Size

Product overview

The ZX-MAG-LOCK-60K is a compact surface-mounted electromagnetic lock designed for cabinets, lockers, lightweight doors, access panels and restricted access areas. Providing a holding force of 60kg (120lbs), this fail-safe magnetic lock offers reliable locking performance for low-force access control applications.

Operating on 12V DC, the lock features a compact design that allows installation where space is limited, making it ideal for small access control projects and specialist security applications.

Technical specifications

Product code	ZX-MAG-LOCK-60K
Holding Force	60kg (120lbs)
Voltage	12V DC
Current Draw	400mA
Lock Size	80 x 38 x 25mm

Key features

- Fail Safe Operation
- 60kg holding force
- Suitable for cabinets and small doors
- Surface mount installation
- Compact design
- Reliable electromagnetic locking
