ZX-MOUSE-RCH

Rechargeable Wireless Mouse

Product overview

The ZNEX Rechargeable Wireless Mouse combines convenience, comfort and a sleek modern design, making it an ideal choice for everyday computer use in offices, workplaces and home environments.

Featuring a built-in rechargeable battery, this wireless mouse eliminates the need for regular disposable battery replacements. The USB-C charging connection allows convenient recharging, while the compact, lightweight construction provides comfortable control during everyday use.

Finished in a stylish dark grey and black design, the mouse features a smooth contoured body, responsive left and right buttons and a central scroll wheel for easy navigation.

Ideal for computers, laptops, CCTV monitoring stations and general workstation applications.
