ZX-TERMINAL-BNC

CAT5 to BNC Male Screw Terminal CCTV Connector

Product overview

The ZNEX CAT5 to BNC Male Screw Terminal Connector provides a quick and convenient solution for connecting cable conductors to BNC-equipped CCTV and video equipment without the need for soldering.

Featuring a BNC male connector and a 2-pin screw terminal block, this compact adapter allows installers to terminate suitable cable conductors securely and efficiently.

Ideal for CCTV installations, video equipment connections, maintenance and testing applications.
